

# Rancho's Wishes

Thank you for your interest in supporting the foster children and teens living at Rancho Damacitas Children & Family Services this year! We serve an average of 50 children, teens and young adults monthly. Any of the items below will help us grant wishes of those we serve. All gift helps to create new life-long memories for all foster youth, and reassures them that they are valued. This is not possible without your generous support.

**Thank you and Happy Holidays!**
